

NEWSLETTER REPORT – FOR AGM 2026

The monthly newsletter 'Tradition' for VFMC members has mostly been published and distributed without problems over the past year.

Thanks to Michael and Steve for IT assistance at various times.

Also, many thanks to all contributors, including Trevor Voake for photos and articles and Kass Mulvany for the Concert Night reports, as this helps make each newsletter at least slightly different from the preceding one.

The program that has been used for years, Publisher, will unfortunately be discontinuing after October this year so a new program will need to be organised. Canva has been suggested as the replacement, so discussion and preparation will obviously be necessary in the near future for this – or a different program - to be implemented.

Maggie Somerville,

Editor
